# INVESTOR UPDATE 31 DEC 4TH QUARTER REPORT

## FROM THE DESK OF THE CHAIRMAN

#### Dear Shareholders.

We are pleased to announce that PPB Group revenue increased by 10% to RM2.3 billion for year 2010. The increase was mainly due to higher revenue registered by the flour and feed milling division complemented by the flour mill in Indonesia. The environmental engineering, chemicals trading and manufacturing, film exhibition and distribution divisions also contributed higher revenue in 2010.

PPB Group posted an unaudited profit before tax for continuing operations of RM1.1 billion for year 2010, representing a decline of 23% from the year before. However, profit for the year increased to RM1.9 billion with the gain of RM841 million from the completion of the disposal of the Group's sugar related assets in January 2010 resulting in an improved earnings per share of 158.90 sen compared with 136.31 sen in year 2009.

The profit before tax for continuing operations decreased mainly due to lower profit contribution of RM0.678 billion from Wilmar International Limited, an 18.3% associate company of PPB, as compared with RM1.211 billion in year 2009. Wilmar's results was affected by the weaker performance of its oilseeds and grains segment. On the other hand, higher profits were recorded by the flour and feed milling division due to higher sales and better margins whilst film exhibition and distribution division also registered higher profits arising mainly from increased admissions and contribution from newly opened cinemas.

The Board of Directors have recommended a final single tier dividend of 18 sen per share for the financial year ended 31 December 2010. The final dividend is payable on 10 June 2011 subject to shareholders' approval at the forthcoming Annual General Meeting. Together with the interim single tier dividend and special single tier dividend of 5 sen and 65 sen per share respectively, the total dividend paid and payable for financial year 2010 would be 88 sen per share.

#### **GOING FORWARD**

Rising commodity prices and fuel costs, coupled with fluctuating currency exchange rates are the main challenging factors which are expected to impact the Group's operating results in 2011.

Notwithstanding the above, the outlook for consumer demand in Malaysia and the Asian region remains positive. The Group is confident that the performance for 2011 will be satisfactory.

## TREE PLANTING AT RAJA MUSA FOREST RESERVE

Caring for the environment, 35 staff of PPB Group together with their friends and family volunteered to plant 400 Mahang saplings at the peat swamp in the Raja Musa Forest Reserve (RMFR) on 27 November 2010.

RMFR which covers 23,000 hectares is located near Batang Berjuntai/Berjuntai Bestari in northern Selangor state. Some 1,000 hectares of peat swamp forest in RMFR have been illegally burnt and cleared for farming activities which caused environmental hazards such as haze. Tree planting at RMFR will help rehabilitate the forest.

# CSR ACTIVITIES (cont'd)

TREE PLANTING AT RAJA MUSA FOREST RESERVE

We were blessed with good weather and a group of energetic volunteers all ready to help! The volunteers helped carry the Mahang saplings and planting tools to the planting area; dug holes in semi-soft ground; got themselves dirty and some were scratched by tall "lalang". Despite the blazing sun, the volunteers did not complain but displayed much team work to complete the tree-planting exercise before noon.

After much hard work, everyone was rewarded with a scrumptious Chinese lunch at a Chinese Muslim restaurant in Bukit Beruntung.

## RM150,000 RAISED THROUGH MOVIE TREASURE HUNT

400 participants took the challenge to unravel movie clues and discover treasures while raising funds for Hospis Malaysia as they took part in GSC-100Plus Treasure Hunt held on 2 October 2010. The Hunt attracted a fair share of well-seasoned treasure hunters, novice hunters and also participants from the cinema chain itself.

The Hunt which was a CSR initiative by Golden Screen Cinemas Sdn Bhd, a 100% subsidiary of PPB Group, managed to raise RM150,000 for Hospis Malaysia. The title sponsor was 100Plus while the main sponsors included EON Bank, United Carpets, Sine Classics, Lee Choon Engineering Sdn Bhd, Macau Government Tourist Office, Fuji Global Sdn Bhd as well as PPB Group Berhad.

GSC Senior Manager, Ms Liew Aing Suan flagged off the motor hunt at 1 Utama Shopping Complex in Petaling Jaya in the early hours of the morning; the hunt ended at Putrajaya International Convention Centre (PICC) for high tea and results presentation in the evening.

100 cars which participated in the 8-hour hunt were seen traipsing to key GSC cinemas in the Klang Valley. Reminded of the 3R elements – Reduce, Reuse and Recycle, the participants had to collect old newspapers and used 100Plus cans for recycling purposes. A quick visit to the Hospis Malaysia in Cheras to purchase a plant to help "green" the world was one of the checkpoints.

Hospis Malaysia is a non-profit organization offering Palliative Care free-of-charge to patients suffering from life-limiting illnesses which may be anything from cancer, AIDS or motor neuron disease.

Overall, the Hunt was a success as it created awareness and raised funds for Hospis Malaysia besides encouraging greater practice of the 3R elements.

# **QUARTERLY REPORT NOTES**

#### A. Financial Reporting Standard (FRS) 134 - Paragraph 16

#### A1. a) Accounting policies

The interim financial statements of the Group have been prepared in accordance with the requirements of Financial Reporting Standards ("FRS") FRS 134 - Interim Financial Reporting and Chapter 9, Part K of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad ("BMSB").

The accounting policies and methods of computation used in the preparation of the interim financial statements are consistent with those used in the preparation of the audited financial statements for the financial year ended 31 December 2009 except for the adoption of the following new/revised FRSs and Amendments to FRSs that are effective for financial periods beginning on or after 1 July 2009 or 1 January 2010:

FRS 8	Operating Segments
FRS 101	Presentation of Financial Statements (Revised)
FRS 123	Borrowing Costs (Revised)
Amendment to FRS 5	Non-current Assets Held for Sale and Discontinued Operations
Amendment to FRS 7	Financial Instruments: Disclosures
Amendment to FRS 8	Operating Segments
Amendment to FRS 107	Statement of Cash Flows
Amendment to FRS 108	Accounting Policies, Changes in Accounting Estimates and Errors
Amendment to FRS 110	Events after the Reporting Period
Amendment to FRS 116	Property, Plant and Equipment
Amendment to FRS 117	Leases
Amendment to FRS 118	Revenue
Amendment to FRS 119	Employee Benefits
Amendment to FRS 120	Accounting for Government Grants and Disclosure of
	Government Assistance
Amendment to FRS 123	Borrowing Costs
Amendment to FRS 127	Consolidated and Separate Financial Statements
Amendment to FRS 128	Investments in Associates
Amendment to FRS 131	Interest in Joint Ventures
Amendment to FRS 132	Financial Instruments: Presentation
Amendment to FRS 134	Interim Financial Reporting
Amendment to FRS 136	Impairment of Assets
Amendment to FRS 138	Intangible assets
Amendment to FRS 140	Investment Property

The adoption of the above new/revised FRSs and Amendments to FRSs does not have any significant financial impact on the Group except for the following:-

#### FRS 101: Presentation of Financial Statements

FRS 101 requires an entity to present, in a statement of changes in equity, all owner changes in equity. All non-owner changes in equity (ie. comprehensive income) are required to be presented in one statement of comprehensive income or in two statements (a separate income statement and a statement of comprehensive income). Components of comprehensive income are not permitted to be presented in the statement of changes in equity.

In addition, a statement of financial position is required at the beginning of the earliest comparative period following a change in accounting policy, the correction of an error or the reclassification of items in the financial statements.

#### Amendment to FRS 117 Leases

Prior to the adoption of the Amendment to FRS 117, leasehold land that had an indefinite economic life and with title that was not expected to pass to the lessee at the end of the lease term was classified as operating lease. Upfront payments for the rights to use the leasehold land over a predetermined period were accounted for as prepaid lease payments and amortised on a straight-line basis over the remaining period of the lease.

Upon adoption of the Amendment to FRS 117 in relation to classification of leasehold land, the Group reassessed the classification of leasehold land as a finance lease or an operating lease based on the extent of risks and rewards associated with the land. The Group has determined that all leasehold land of the Group are in substance finance leases and has reclassified its leasehold land from prepaid lease payments to property, plant and equipment and investment properties.

#### Amendment to FRS 140 Investment Property

Prior to the adoption of the Amendment to FRS 140, assets under construction for future use as investment property were classified as property, plant and equipment.

Upon adoption of the Amendment to FRS 140, these assets are reclassified to investment properties.

The reclassification has been made retrospectively in the Condensed Consolidated Statement of Financial Position and the following comparative figures have been restated as follows:-

	As previously reported	Effects	As restated
Condensed Consolidated	RM'000	RM'000	RM'000

Investment properties	167,923	41,956	209,879

The comparative figures in the Condensed Consolidated Income Statement have been restated to reflect the effects of the financial results of the disposal group in relation to the sale of the sugar-related assets.

#### B1. Review of Performance for the financial year-to-date

Group revenue for continuing operations of RM2.3 billion for the financial year ended 31 December 2010 was 10% higher than the RM2.1 billion last year. The increase was mainly due to higher revenue registered by the flour and feed milling division complemented by the flour mill in Indonesia. The environmental engineering, chemicals trading and manufacturing, film exhibition and distribution divisions also contributed higher revenue for the year under review.

Group profit before tax for continuing operations declined 23% to RM1.1 billion compared with that of last year. The flour and feed milling division contributed higher profits due to higher sales and better margins whilst film exhibition and distribution also registered higher profits arising mainly from increased admissions. However, profit contribution for the year from our associate Wilmar International Limited ("Wilmar") decreased by RM533 million largely due to weaker performance in its oilseeds and grains segment.

#### B2. Material changes in the quarterly results compared to the results of the preceding quarter

Group profit before tax for continuing operations reduced 44% to RM177 million for the quarter under review compared with the preceding quarter. The flour and feed milling and livestock divisions contributed higher profits due to better margins which was offset by a lower profit contribution from Wilmar and other associates.

#### B3. Prospects for current financial year

Rising commodity prices and fuel costs, coupled with fluctuating currency exchange rates are the main challenging factors which are expected to impact the Group's operating results in the financial year 2011.

Notwithstanding the above, the outlook for consumer demand in Malaysia and the Asian region remains positive. The Group is confident that the performance for 2011 will be satisfactory.
